

THE NIH LAUNCH OF THE COUNCIL OF SCIENCE EDITORS' GLOBAL THEME ISSUE ON POVERTY AND HUMAN DEVELOPMENT

Monday
October 22, 2007
10 a.m. - 1:30 p.m.

Masur Auditorium
Clinical Center (Bldg. 10)

More than 230 science journals throughout the world will simultaneously publish articles devoted to the topic of poverty and human development on October 22. Eight of the most outstanding articles were selected by a panel of experts for presentation. Subject areas include: childbirth safety, HIV/AIDS, malaria treatment, food insufficiency and sexual behavior, interventions to improve child survival, physician brain drain from the developing world, influenza's impact on children, and use of satellite technology to predict disease outbreaks.

Welcome

Dr. Elias A. Zerhouni, Director
National Institutes of Health

Opening Remarks

Dr. Roger I. Glass, Director
Fogarty International Center, NIH

Perspectives

Dr. Ana Marusic, President
Council of Science Editors

Presentations of Selected New Research

Moderated by Dr. Catherine DeAngelis,
Editor in chief, JAMA, and
Dr. Fiona Godlee, Editor in chief, BMJ

Closing Remarks

Betsy L. Humphreys, Deputy Director
National Library of Medicine, NIH
